BLACK CHAI

Striking the perfect balance of warm spices and cool black tea, Sirocco's Black Chai tea is an unforgettable taste experience. Enlisting cardamom, cinnamon, ginger and other aromas to take you on a journey through the tea's Indian roots, this brew weaves a beguiling fragrance that is best enjoyed with a splash of milk.

RED KISS

Sirocco's Red Kiss tea is a select blend of sun-ripened organic ingredients bursting with sensuous fruity flavours. The round, rich notes of red berries dominate this fruit blend while hibiscus flowers add acidity and colour, and rose hips bring liveliness. This unique tea beguiles even the most discriminating of palates, including those of children.

WHITE PEACH

Made from only the spring-picked buds and fresh shoots in Fujian, China, this top-quality white tea is enhanced with natural peachy aromas. The subtle flavours create the perfect brew for lovers of mild, fruit-flavoured teas with a delicate, understated sweetness.

MOROCCAN MINT

Sirocco's Moroccan mint tea is an invigorating pleasure for all of the senses. The certified organic Nana mint that makes up this brew is a much milder and sweeter variety of spearmint than other blends. Thirst quenching with a lingering aroma, this tea delights connoisseurs with sensitive stomachs.

ALMOND OOLONG

From the Fujian Province of China, Sirocco's Almond Oolong captivates drinkers with notes of honey that are perfectly blended with the nutty aroma of top-quality almonds. Similar to a black tea but much gentler and milder, this brew delivers an extraordinarily sophisticated flavour experience.

PIÑA MORINGA

Smooth and aromatic like a tropical cocktail, Sirocco's Piña Moringa tea provides a particularly epicurean experience. The leaves of the moringa - also known as the 'miracle tree' - are a brilliant green with a mild flavour that shines when combined with the pleasant fruity notes of pineapple and apple, while ginger adds a dash of spice.
